LEGISLATIVE UPDATE

2017 General Legislative Session

Issue #5

February 26, 2017

Welcome to the 2017 Legislative Update

This issue includes highlights of week five, what we can expect in the week ahead, and information for protecting wildlife and the environment. Please direct any questions or comments to Steve Erickson: erickson.steve1@comcast.net.

About the Legislative Update

The Legislative Update is made possible by the **Utah Audubon Council** and contributing organizations. Each Update provides bill and budget item descriptions and status updates throughout the Session, as well as important Session dates and key committees. For the most up-to-date information and the names and contact information for all legislators, check the Legislature's website at www.le.utah.gov. The Legislative Update focuses on legislative information pertaining to wildlife, sensitive and invasive species, public lands, state parks, SITLA land management, energy development, renewable energy and conservation, and water issues. The Update will be distributed after each Friday of the Session. We may also send out additional Action Alerts during the Session as issues arise that need quick action. We hope each Update

issue will prepare you to call, email or tweet your legislators with your opinions and concerns!

ACTION ALERT!

Air Quality activists are calling on Governor Herbert to VETO HB 65, which allows commercial as well as non-commercial burning of solid fuels (like barbeque briquettes) for cooking food even on bad air days. Call the Governor's Office at 539-1000 to urge him to veto this bad (air) bill!

A second veto call has gone out for HB 11 (see News of the Week below).

Calls/emails to members of the Executive Appropriations Committees) will be needed throughout the remainder of the Session (see Budget News, below).

Call members of Executive Appropriations Committee to urge them to vote against giving a \$2 million on-going contract for Big Game (Bucks) Forever for D.C. lobbying and public relations against wildlife and public lands!

News of the Fifth Week (Week # 5)

HB 11 2nd Sub., the bill that takes out the requirement for a measure of partisan balance on 29 Boards and Commissions, passed the House on concurrence and is now on the Governor's desk. Call and ask for his VETO of HB 11.

SB 151 had a hearing before the Senate NRAE Committee on Thursday. Bill proponents, led by the Utah Rivers Council, gave excellent, reasoned and well-informed testimony, while the water districts and committee members threw out a series of red herrings opposing reduction of property taxes for water. The bill was defeated, as expected.

An important air quality improvement bill - HB 134 - Emissions Testing, passed the House.

Rep. Mike Noel continued his march on the federal public lands within the state, with new legislation. HB 407 would create a new state department to manage these lands once Utah takes them over. HCR 24 would rescind the Bears Ears NM and replace it with state park lands.

Budget News

There was no visible movement on the budget during week five, but week six is the time to make our voices heard for or against the various budget items.

EAC may meet any day week six between 6:00 and 7:30 P.M as needed.

Executive Appropriations Committee chairs and key legislative leaders will draft the major pieces of the budget bills over the weekend of March 4-5.

Express your support for proposals \$2 million for the LeRay McAllister Critical Land Conservation Program, and \$1.45 m. for air quality monitoring equipment.

Voice your opposition to spending state taxpayer dollars (\$450,000) to revise curriculum for legislators to study federalism.

What's Ahead

Late in Week 6 or early in Week 7, the House may “wipe the board”, sending all bills on the 3rd Reading Calendar back to the Rules Committee for prioritization. Once this process begins, it is common for the board to be wiped clean at the end of the afternoon floor session. This puts much power in the hands of Rules, which can decide to hold bills until the Session ends or as a bargaining chip. Rules will meet as needed.

Schedules for Week 6: Floor time goes from 8:00 to 12:00 and 2:00 to 4:00. The Senate will work on House bills and House will debate Senate bills most of the week. Standing Committee meetings will run from 8:00 to 10:00 and 4:00 to 6:00 all week.
